NOTE FOR:

FROM :

SUBJECT : Letter to the DCI from Deputy Secretary of Defense  
Duncan, dtd 3 March 1978

REFERENCE: OLC 78-0015/2, dtd 13 March

1. I passed your suggested reply to the last paragraph of Duncan's letter to [ ] D/DCI/IC R&M, which has the action on this matter. She said that since [ ] had talked to the DCI and the DCI had raised the matter personally with Secretary of Defense Brown, she did not believe there would be a written reply to Duncan. I think we have about exhausted the Duncan channel as far as the original subject matter of this exchange is concerned.

2. For your information, [ ] said that R&M was acting as a "mailbox" for the receipt of Community comments on charter legislation but was really interested only in budget matters. She said that it was her impression that procedures for the consolidation and coordination of departmental positions remained to be worked out, but that R&M would be taking the lead only in so far as budgetary aspects were concerned.
